REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the claims are drawn to a method for detecting disseminated tumor cells. After further consideration, and as discussed in a telephonic interview with applicant's representative on October 4, 2007, the claims are not directed to a method of diagnosis, only a method of detecting. The specification enables detection of cytokeratins 1-20 by RT-PCR. The specification does not enable diagnosis of cancer by detecting cytokeratins 1-20, which is not claimed. Therefore, after a fresh consideration of the claims and the evidence provided, the 35 U.S.C. 112, first paragraph, enablement rejection has been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anne M. Gussow whose telephone number is (571) 272-6047. The examiner can normally be reached on Monday - Friday 8:30 am - 5 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Larry Helms can be reached on (571) 272-0832. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
